#### **SPECIAL NEEDS TRUSTS** (Continued)

Establishment of a trust as described above does not constitute a transfer of assets for less than fair market value if the transfer is made into a trust established solely for the benefit of a disabled individual under age 65. However, if the trust is not solely for the benefit of the disabled person or if the disabled person is over age 65 transfer penalties may apply.

#### **304.01.03B POOLED TRUSTS**

A pooled trust is a trust containing the assets of a disabled individual as defined by the SSI Program in Section 1614(a)(3) of the Act, that meets the following conditions:

- The trust is established and managed by a non-profit association;
- A separate account is maintained for each beneficiary of the trust but for purposes of investment and management of funds the trust pools the funds in these accounts;
- Accounts in the trust are established solely for the benefit of disabled individuals by the individual, by the parent, grandparent, legal guardian of the individual, or by a court; and,
- To the extent that any amounts remaining in the beneficiary's account upon the death of the beneficiary are not retained by the trust, the trust pays to the Division of Medicaid the amount remaining in the account up to the amount equal to the total amount of medical assistance paid on behalf of the beneficiary. To meet this requirement, the trust must include a provision specifically providing for such payment.

To qualify as an excepted trust, the trust account must be established for a disabled individual, as defined in Section 1614(a)(3) of the Act. When the individual in question is receiving either Title II or SSI benefits as a disabled individual, accept the disability determination made for those programs. If the individual is not receiving those benefits, make a determination concerning the individual's disability.
